DESCRIPTION

V2BM, **V3BM** are zone valves, 2 way and 3 way, manufactured in bronze with a globe plug. The valves are suitable for actuator **series M400** or **M800**. The valves are available with female threaded. **V2BM** is normally open. **V3BM** is mixing valve.

USE

V2BM, **V3BM** are zone valves, 2 way and 3 way, used on heating and cooling systems.

FUNCTION

The function are based on plug moving by actuator **series M400** or **M800** installed on the body valves.
